CV

MANUEL HEITOR

Full Professor at *Instituto Superior Técnico*, IST, the engineering school of the Technical University of Lisbon and director of the IST's "Center for Innovation, Technology and Policy Research". From March 2005 to June 2011 he served as Secretary of State for Science, Technology and Higher Education in the Government of Portugal. Most recently, in the 2011-12 academic year he was a Visiting Scholar at Harvard. He earned a PhD at Imperial College, London, in 1985, in combustion research and did post-doctoral training at the UC San Diego. Then he pursued an academic career at IST, in Lisbon, where he served as Deputy-President for the period 1993-1998. Since 1995, he has been Research Fellow of the IC2 Institute of the University of Texas at Austin. He is a founding member of the S&T Council of the "International Risk Governance Council", IRGC. Recently, he has been active as a co-founder of the European network "science, technology, education and policy for Europe, step4EU", as well as of the "International Observatory of Global Policies for the Sustainable Exploration of Atlantic, OPIG". Manuel Heitor coordinates the doctoral Programs in "Engineering and Public Policy, EPP" and in "Engineering Design" at IST, Lisbon. Since November 2015 he is the Minister for Science, Technology and Higher Education of Portugal.
