

Oclean BH - Ultra Series (Ultra Clean, Ultra White, Ultra Gum Care)

The innovative Ultra Series brush heads (Clean, White, Gum Care) with FlexFit tech guarantee gentle deep cleaning for a uniquely clean feeling, even in those hard-to-reach areas. Soft rubber links the brush rod and head, cleaning tooth surfaces and hard-to-reach areas flexibly, deeply and compactly.

- **For 3 Ultra Brush Heads**

FlexFit Tech - Soft rubber links the brush rod and head, ensuring the optimal interdental clean with the best in motion fitting, while providing the excellent teeth protection through the shock-absorbing rubber coating.

Innovative 5° Design - Deep clean below the gum line and hard-to-reach areas.

DuPont™ Bristles & Self-developed Bristles - The unique bristles design and combination are coordinated with the functional mechanism of the motor, contributing to an exceptional and comfortable cleaning experience and better plaque removal.

Delicate Tongue Cleaner - Special and delicate tongue cleaner design for fresher breath every day.

FDA Compliant Material - Approved by FDA. Oral safe materials, meaning you can use them without any worries.

Replacement Recommendation - Dental professionals recommend changing your brush head every 2-3 months.

- **For Ultra Clean**

Exceptional Plaque Removal - Reduce 40% more plaque and +20% Resilience Bristles*
* vs. Oclean Professional Clean brush head
